  password: string,
  passwordConfirm: string,
  designer: bool
}
```

Response:

```
{
  "success": true,
  "url": string
}
```

Sign In

Route: /login

Type: POST

Data:

```
{
  userName: string,
  password: string
}
```

Response:

```
{
  "success": true,
  "url": string
}
```

AuthUsers

Route: /rest/auth/users

Type: GET, HEAD, OPTIONS

Data:

Response:

```
{
  "id": integer,
  "username": string,
  "email": string
}
```

```
}
```

AuthUsersDetail

Route: /rest/auth/users/(id)

Type: GET, PUT, DELETE, HEAD, OPTIONS, PATCH

Data:

```
{
```

```
}
```

Response:

```
{
```

```
    "id": integer,
```

```
    "username": string,
```

```
    "email": string
```

```
}
```

ZombieUsers

Route: /rest/zombie-users

Type: GET, HEAD, OPTIONS

Data:

```
{
```

```
}
```

Response:

```
{
```

```
    "id": integer,
```

```
    "user": id (integer),
```

```
    "gamesWon": integer,
```

```
    "gamesLost": integer,
```

```
    "accountType": integer,
```

```
    "maps": {}
```

```
}
```

ZombieUsersDetail

Route: /rest/zombie-users/(id)

Type: GET, PUT, DELETE, HEAD, OPTIONS, PATCH

Data:

```
{
```

```
}
```

Response:

```
{
```

```
    "id": integer,
```

```
    "user": id (integer),
```

```
    "gamesWon": integer,
```

```
    "gamesLost": integer,
```

```
    "accountType": integer,
```

```
    "maps": {}  
  }
```

Maps

```
Route: /rest/maps  
Type: GET, HEAD, OPTIONS  
Data:  
{  
  
}  
Response:  
{  
    "id": integer,  
    "name": string,  
    "owner": integer (ID)  
}
```

Maps By User

```
Route: /rest/maps/by-user/<user-id>  
Type: GET, HEAD, OPTIONS  
Data:  
{  
    "userID":integer  
}  
Response:  
{  
    "id": integer,  
    "name": string,  
    "owner": integer (ID)  
}
```

MapDetail

```
Route: /rest/maps/(id)  
Type: GET, PUT, DELETE, HEAD, OPTIONS, PATCH  
Data:  
{  
  
}  
Response:  
{  
    "id": integer,  
    "name": string,  
    "owner": integer (ID)  
}
```
